

MOTOR PLATES

Universal Front Motor Plates

Using a front motor plate will help eliminate frame flex and rotational engine movement, while providing additional header clearance. Front motor plates greatly ease engine installation. S&W front motor plates are made of 1/4" 6061-T6 aluminum. S&W front plate are 36" wide. (except 20-213)

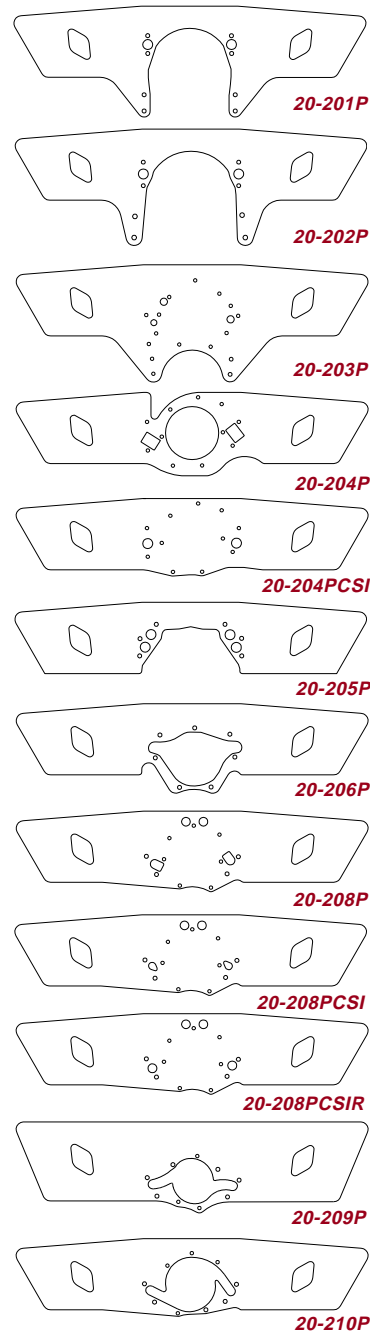

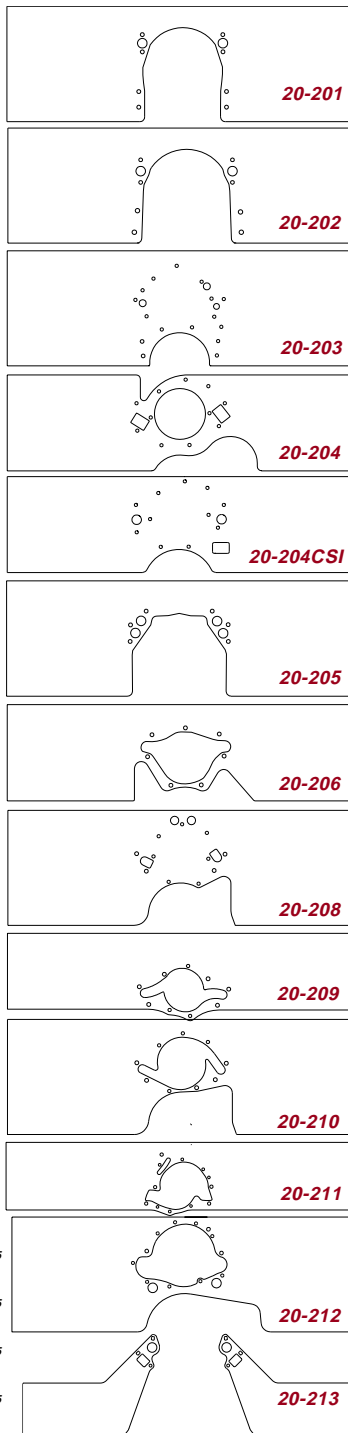

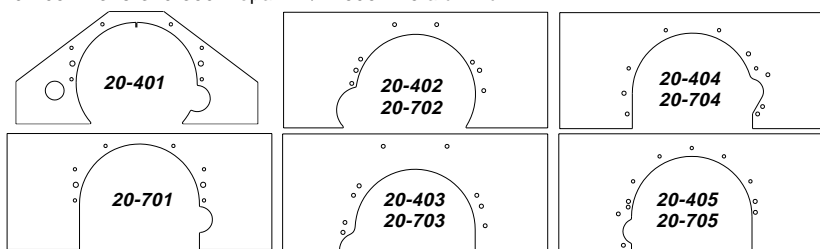

S&W Race Cars highly recommends the use of an engine mid-mount and lateral engine limiter kit when installing a front motor plate.

Item No.	Description	
20-201	Small block Chevy	\$99 ⁹⁵
20-201P	Small block Chevy - Profiled	\$129 ⁹⁵
20-202	Big block Chevy	\$99 ⁹⁵
20-202P	Big block Chevy - Profiled	\$129 ⁹⁵
20-203	Cleveland Ford	\$99 ⁹⁵
20-203P	Cleveland Ford - Profiled	\$129 ⁹⁵
20-204	429-460 Ford	\$99 ⁹⁵
20-204P	429-460 Ford - Profiled	\$129 ⁹⁵
20-204CSI	429-460 Ford w/ CSI water pump	\$99 ⁹⁵
20-204CSIP	429-460 Ford - Profiled w/ CSI water pump	\$129 ⁹⁵
20-205	383-426-440 Mopar	\$99 ⁹⁵
20-205P	383-426-440 Mopar - Profiled	\$129 ⁹⁵
20-206	318-340-360 Mopar	\$99 ⁹⁵
20-206P	318-340-360 Mopar - Profiled	\$129 ⁹⁵
20-208	70-93 289-351W Ford	\$99 ⁹⁵
20-208P	70-93 Small Block Ford - Profiled	\$129 ⁹⁵
20-208CSI	70-93 289-351W Ford w/ CSI water pump (teardrop)	\$99 ⁹⁵
20-208CSIR	70-93 289-351W Ford w/ CSI water pump (round)	\$99 ⁹⁵
20-209	94-98 289-351W Ford	\$99 ⁹⁵
20-209P	94-98 Small Block Ford - Profiled	\$129 ⁹⁵
20-210	65-69 289-302 Ford	\$99 ⁹⁵
20-210P	65-69 Small Block Ford - Profiled	\$129 ⁹⁵
20-211	64-67 & 78-79 Buick V6, also fits 61-63 215" 8 cyl. Buick	\$99 ⁹⁵
20-212	326, 350, 389, 421, & 455 "real" Pontiacs	\$99 ⁹⁵
20-213	LS-1 Chevy (2 piece)	\$99 ⁹⁵
20-200	Mounting kit for profiled motor plate	\$32 ⁹⁵

Universal Mid-Mounts

The perfect companion for the S&W universal front motor plate, S&W universal mid-mounts are available for all popular applications. S&W mid-mounts are precision water jet cut and provide additional stiffness when used with a S&W front motor plate. *Note: Universal mid-mount # 20-401 includes all mounting hardware and fits the following models, 67-81 Camaro, big or small block and 68-78 Nova, big or small block. Note: Some trimming may be required for header clearance.*

Item No.	Description	
20-401	Small and big block Chevy - 090" mild steel, includes mounting hardware kit	\$39 ⁹⁵
20-402	289-302-351 C & W Ford - 1/8" mild steel, includes mounting hardware kit	\$59 ⁹⁵
20-403	351M-400-429-460 Ford - 1/8" mild steel, includes mounting hardware kit	\$59 ⁹⁵
20-404	383-426-440 Mopar - 1/8" mild steel, includes mounting hardware kit	\$59 ⁹⁵
20-405	318-340-360 Mopar - 1/8" mild steel, includes mounting hardware kit	\$59 ⁹⁵
20-406	Universal mounting kit	\$11 ²⁵
20-701	Small and big block Chevy - 1/4" 6061-T6 aluminum	\$114 ⁹⁵
20-702	289-302-351 C & W Ford - 1/4" 6061-T6 aluminum	\$114 ⁹⁵
20-703	351M-400-429-460 Ford - 1/4" 6061-T6 aluminum	\$114 ⁹⁵
20-704	383-426-440 Mopar - 1/4" 6061-T6 aluminum	\$114 ⁹⁵
20-705	318-340-360 Mopar - 1/4" 6061-T6 aluminum	\$114 ⁹⁵

Profiled motor plates are made standard with lightening "diamonds". If you'd like these left out of your front motor plate, please tell your S&W sales representative

Pulley Spacer

Designed for use on small & big block Chevrolets with 1/4" alum. front motor plates installed to space the harmonic balancer pulley out to match the added thickness of the motor plate. Not required when using electric water pump or drive.

Item No.	Description	
20-225	Pulley spacer for Chevy balancer	\$9 ⁵⁰
20-226	Pulley spacer for Ford balancer	\$9 ⁵⁰
